

Have You Heard?

What do you do when you've married for 55 years??? For one thing... you stay in the kitchen on your anniversary. That's what Mr. Emerson says. His wife made him a cake and he wouldn't have to set in the kitchen all last Friday, 8, when they celebrated 55 years of a happy marriage. In the kitchen taking her out on Thursday night and continued eating out on Friday. That's a very nice way to celebrate, isn't it? Wonder just how many meals Mrs. Still has had over the years??? Bouncing to you both.

Myrtle Donohue, wife of for Albany City Councilman Bill White, has been on the sick lately, and according to reports has returned to Peralta Hospital for possible surgery.

The name of Bernice (Mrs. Bernice Johnson) was on the patient list at Brookside Hospital in San Jose last week, when she spent several days there undergoing eye surgery. She should be home by now you read this, however, according to her husband "John," the house wasn't the same with his helpmate gone — pretty much is what he called it.

My wish is a speedy recovery to all of these well gals.

My lift our glasses in a toast to Robert Luomas, who also had a wedding anniversary Friday—their 21st.

Bob and Fern are well-known residents who have been in many, many community activities during their years of residence in our fair City. Bob, has been associated with Little League almost since inception, has also been (and is) a member of the Planning and Zoning Commission for a number of years, having been appointed by Councilman Art Call.

My children Michael, Susan, and Don have also been active with Little League, Scouting, Job's Daughters and other youth activities in the City, and Mike is now Albany city employee, working for the Public Works Dept.

ALBANY CHIEF OF POLICE, James Simmons (center) receives the congratulations of Police Commissioner, George Hein, while Mayor Lewis Howell waits to present the official ordinance appointing him to the position. The former Albany Police Sergeant has been with the Department for 14 years.

James Simmons Sworn In As Albany's Chief of Police

Albany Police Sergeant, James Simmons, was sworn in as the City's new Chief of Police by City Clerk, Patt George, in ceremonies taking place in the City Hall Council Chambers, last Friday morning.

Police Commissioner, George Hein, presented the new Chief with his official badge, and Mayor Lewis Howell gave him a copy of the City Ordinance, signed by the Council, officially appointing him to the position.

The Chief, a native of San Francisco, graduated from El Cerrito High School in 1951, and attended San Jose State University for a year before serving two years in Germany, with the Army Signal Corps.

He returned home in 1955 to marry the former Lee Ann Shepherd of El Cerrito and Los Angeles, and moved to Albany the same year.

Simmons joined the Albany Police Reserves in 1957 and was appointed a probationary patrolman in 1959, becoming a permanent patrolman the following year. After serving as a patrolman, clerk and a "street" patrolman, he was named to the Identification Bureau where he became an expert on scientific identification, latent prints and physical evidence.

Under his direction, a class was organized to teach this specialized work to members of the Albany Police Department. After word got around, in police circles, concerning this class, police departments in neighboring areas also requested the chance to take advantage of this training.

Appointed a probationary sergeant by the Council in 1970, on the recommendation of Police

Chief Ralph Jensen, Simmons became a permanent sergeant a year later, holding the rank until last week when he became Chief.

Well-known throughout the state for his knowledge on fingerprinting and identification, Chief Simmons served for 2 years on the executive board of the State Association for Identification.

A man of great energy, ambition and vision, Simmons recently finished the construction of a new home for his family on Albany Hill, while continuing to further his education in police work by attending Contra Costa College two nights a week, working for his AS Degree in Police Science. The new home is occupied by the Simmons family—

Jim, his wife, LeAnn; daughter Kelley, 13; 14-year-old son, James Read (name for Bud Read, his godfather), and the family dog "Robby."

The new Chief says he plans to continue to offer the residents of Albany only the best professional police services available.

"And I want each and every citizen of our City to know that my door will always be open to them. I will welcome the opportunity to discuss any problem with them."

Chief Simmons is the son of Mrs. Dorothy Simmons, longtime Albany businesswoman.

Albany Physician Has Faith In 'Worthless' Cancer Treatment

Although the U.S. Food and Drug Administration, the American Medical Association, the American Cancer Society, and many state health departments have classified Laetrile as "worthless" in the treatment of cancer, several thousand Americans (many given no chance of survival following "orthodox" and legal cancer treatments) are still alive and claiming beneficial results from its use.

Dr. John Richardson of Albany told Albany Rotary Club members and guests last week. "We are not allowed to think or discuss the idea that cancer might be caused by a vitamin deficiency," the doctor commented. "We are only allowed to think it might be caused by a virus, mercury or tobacco. And, although legislation agrees that Laetrile, or B17 as we call it, is a great, non-toxic vitamin and metabolic agent—it is not recommended for cancer patients."

The physician, who uses Laetrile as part of his mega-vitamin treatment, believes that an informed patient and his responsible physician should be free to select whichever treatment they desire.

"It is inhumane not to give B17 to cancer patients. They deserve to have all the vitamins they need," he said as he went on to explain that, in his opinion, cancer is a metabolic disease, a

vitamin deficiency, just like scurvy, pernicious anemia and rickets.

Stating that B17 is to cancer what vitamin C is to scurvy, the doctor reminded his audience that at one time pellagra had been diagnosed as a virus-caused disease in the South, until the problem was solved by adding niacin to the Southerner's diet.

"How can the government say it is making progress with cancer, when—according to statistics—there is only a 7% percent survival rate for those stricken with the 100 known forms of cancer?" the Rotary Club guest speaker asked.

Dr. Richardson, who was arrested last year and charged with violating the California State Health Code by providing Laetrile to cancer patients, was recently granted a reversal of the charge by the Appellate Department of the Alameda County Superior Court.

However, his loyal supporters, along with the Committee for Freedom of Choice in Cancer Therapy, hope that the case will be continued so that all the facts can be brought before the public in an open courtroom.

In the past, the FDA has declined to prosecute, the Committee said, so there was no opportunity for a doctor to clear the record for his patients, himself or the controversial Laetrile. Once

Karin is taking with her a banner from the local club, which will be hung in the meeting place of the Heidelberg Rotary Club, as a reminder as to where this year's scholarship winner came from.

The regular meeting of Friends of Albany Library, Inc. will be held Monday, Aug. 13, at 7 p.m., in the Albany Public Library, 1216 Solano. All members are urged to attend.

In court, they hope the defense will not only be on constitutional grounds, but will be able to present case records, mortality statistics and testimony of competent witnesses, so that Laetrile will then be able to stand on its own merits in the United States, as it now does in other countries around the world.

Council Opposes EPA's Air Pollution Recommendations

The Albany City Council went on record at Monday night's meeting as not being in favor of the Environmental Protection Agency's recommended regulations concerning ways cities can meet the standards set forth by the Agency with respect to air pollution in the Bay Area.

"I think they're taking the wrong approach," said Mayor Lewis Howell. "You can't stop everything until everyone has mass transit—you'll be putting too many people out of work."

Under the recommended plan to get people out of their automobiles, cities would: limit gas consumption to 1972-73 levels, set forth special lanes on major streets for buses and/or car pool cars, reduce all available off-street parking by 20 percent by April 1975, ban additional off-street parking facilities in downtown areas and reduce auto use by 84 percent by the imposition of various controls over the next four years.

After going on record opposing these regulations, the Council instructed that letters be sent to all area legislators explaining their position.

Mayor Howell also informed the audience at Monday night's meeting that Councilman Joe Carlevaro was in Albany Hospital, where he was recovering from minor surgery. He indicated the Councilman would possibly be recovered enough to attend next Monday's meeting.

Two recommendations from

the new Chief of Police, James Simmons, regarding personnel in the Police Department, were approved, and City Attorney Larry Salar was instructed to prepare the necessary resolutions assigning the rank of Permanent Patrolman to Officers Gerald M. Koehne and Michael L. Barham, as of August 6.

Another communication from the Chief of Police, indicating he had no objection to the transfer of an "Off Sale Beer and Wine" license at 731 Buchanan St., was read and Council members concurred with the Chief's recommendation.

The resolution approving the tentative Albany Hill Map of Tract 3528, was again held over for another week, and a communication concerning the Map, signed by Laurie Roach of Berkeley, secretary for Friends of Albany Hill, was filed as "informative."

At the request of Councilman Hubert Call, the meeting, which lasted less than one-half hour, was adjourned in memory of Judy Cabral, who passed away recently, and whom Councilman Call commended as "a very civic-minded person."

Warning On Use Of 'Oven Mitts'

The California State Department of Consumer Affairs is warning consumers concerning a dangerous "oven mitt."

The mitts, labeled as a "deluxe decorator style oven mitt," by Benhar Manufacturing Company, City of Commerce, have been found to be extremely dangerous when used around heat.

Tested by the Department, the mitts, made of polypropylene (but mislabeled as cotton) melts at 310 degrees and chars at 350. The mitt also shrinks as it melts, conforming and sticking to the hand and making it difficult to remove—which can cause a serious burn to the wearer.

Over 7,000 pairs of these mitts were distributed in California, but only 3,000 pairs have been recovered.

Consumers who have purchased these mitts are warned not to use them, but to return them to the store where they were purchased.

The Department of Consumer Affairs was alerted to the dangerous mitts by the California State Fire Marshall, after a Sacramento housewife was badly burned while removing an item from her oven while using the mitts.

Fire Prevention and Fire Emergency Action

(This article is a continuation of the series on fire prevention and how to cope with emergencies in the home, prepared by Captain Ray Gonzales of the Albany Fire Department.)

In summing up the problems that result in fires, Capt. Ray Gonzales of the Albany Fire Prevention Bureau, says: "Human failure contributes greatly to the cause and spread of fire—failure to recognize hazards and take adequate preventive measures, failure to act intelligently at the discovery of a fire, and failure to take the action that would limit the fire.

These failures, Capt. Gonzales continues, can only be dealt with through education, and in emphasizing the major gaps in everyday knowledge and practice he gives the following hints on how to prevent a fire, and what to do if you become involved in a fire:

BEFORE A FIRE STARTS—

Remove all trash, and stored items that have outlived their usefulness, particularly from the vicinity of furnaces and heaters, and from hallways and exit areas. Exercise care in the use of electricity—do not overload outlets, have cracked or frayed cords replaced, and have all electrical work done by a competent electrician.

Do not store gasoline or flammable cleaners in glass containers, and do not store more flammable liquid on hand than you need. Dispose of oily rags, or rags with polish or flammable liquid on them, by placing them in an outside garbage can.

Have escape plans from every area of your home and discuss these plans with every member of your family. Sleep with your bedroom doors closed—in the event of a fire you will gain precious minutes to escape.

Clothing afire is a prelude to tragedy—so be sure to buy garments that meet flammability standards and exercise extra care with smoking materials, such as matches, etc.

AFTER A FIRE STARTS:

Evacuate the family immediately if you see, smell or hear any hint of a fire or escaping gas. Do not compound a tragedy by attempting to rescue anyone through a gauntlet of flames or thick smoke—call your local fire department immediately. Do not attempt to extinguish the fire unless it is confined to a small area and your extinguishing equipment is equal to the task.

If clothing is ignited, roll yourself or the person involved over and over on the ground or floor until the fire is out.

Before opening a door, when you suspect fire in another part of the building—feel the door with the palm of your hand. If it is hot—do not open it, but summon aid quickly. If smoke is pouring out under the door, stuff bedding or clothing into the crack and go to a window and await rescue if there is no other way out.

In a smoke situation, keep low—gases, smoke and air heated by fire rise, therefore the safest area is a floor level. Cover your mouth and nose with a damp cloth, if possible. Don't assume that air in a fire is safe to breathe—it could contain carbon monoxide, which, before it kills you, affects your judgement and hampers escape.

The President has asked for a 5% decrease in energy consumption.

Here are some solid summer tips from PG&E on how you can do your part to conserve energy—and also save yourself money.

Turn your water heater to "pilot" before you go on vacation. Heating water when you aren't around is a waste of energy and money. If you have a gas water heater, turn your control to "pilot."

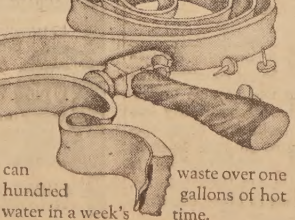

before you leave. Then turn it back to "on" when you return. You'll have hot water in an hour or so.

Ventilate your attic. An attic fan can lower the temperature in an attic by as much as 50° and help ease the

load on your cooling system. You'll have a cooler house for less energy.

Improve your insulation. Proper insulation and weatherstripping can help reduce the energy needed to heat and cool your house by as much as 45%.

Repair leaky faucets. One leaky hot water faucet dripping 90 drops of water a minute

can waste over one hundred gallons of hot water in a week's time.

By following these few suggestions this summer you'll help conserve energy and also save money on your PG&E bill. For additional tips, ask any PG&E office for a copy of "The Meter-Minders Guidebook."

Mr. and Mrs. Robert Cain Now 'At Home' In Albany

Following a honeymoon tour of Guadalajara, Puerto Vallarta and Mazatlan in Mexico, newly-weds, Mr. and Mrs. Robert E. Cain are making their first home in Albany.

The bride is the former Mary Ann Hirtz, daughter of Mr. and Mrs. John Hirtz of Albany. A graduate of Presentation High School, she received her degree from the University of San Francisco in 1970 and her teaching credential the following year. She currently teaches second grade at St. Jerome's School in El Cerrito.

The groom is the son of Mrs. Robert E. Cain of Kensington and the late Mr. Cain. He was educated at St. Mary's High School, Chabot College, and is a member of the El Cerrito Police Reserve. A veteran of the U.S.

(Mrs. Robert E. Cain)

Army, he is presently employed as a branch representative for a

Richmond finance company.

Mary Ann wore a bridal gown of white linen, banded in heavy cotton lace and styled with a square neckline, wide flared cuffs, and a sweeping train. Her mantilla veil was trimmed with the same lace as her gown, and she carried (as something old) the same handkerchief her mother had carried at her own wedding 30 years ago.

The bridal bouquet, composed of white and pink roses, stephanotis, lily of the valley and Bristol fairy, was made by the bride's mother.

Patricia Hirtz was her sister's Maid of Honor, while Susan Hirtz and Lisa Cain, sisters of the bride and groom, and Mrs. Dean Golden served as bridesmaids.

Robert Pohl of Alamo served as the groom's Best Man, while the bride's brother, George Hirtz of San Jose, John Hamrick and Fred Kennerly were ushers.

LITTLE-THEATER IDEA

The little-theater idea, according to the National Automobile Club, originated at Volcano in the Mother Lode country.

LEARNING to make pancakes can be a very serious affair—according to these members of the Albany Park and Recreation Department's Tiny Tot Program. As Junior Cook, Joanne Albee (left) carefully adds the liquids, under the watchful eye of program director Marilyn Rie, her co-workers (l to r) Tania Balazs, Cindy Beals and Johnny Zugaldio eagerly await their turn in the proceedings. The program is offered to three and four-year-olds, who meet daily from 9:30 to 11:30 a.m. for two-week sessions, to participate in a variety of fun and educational activities such as cooking, dramatics, carpentry, music, crafts, games and stories. The next session will begin Monday, Aug. 13. For further details, please call the Park and Recreation Department at 526-6116.

The Mail Bag

Editor, Albany Times:

Re: The Richard O. Clark's Attempt to Obtain Exceptional Favors From the City Council Per Variance No. 118 Request.

Richard O. Clark, one of our City Councilmen, who has been turned down by Planning & Zoning to make two small illegal-sized lots out of his present one lot where he resides, is continuing to pressure for his personal benefit over the objections of 47 of his immediate surrounding neighbors. He wants to build another house in his back yard while he and his fellow Councilmen are presently outlining for the rest of us, an Open Space policy to avoid congestion and density of buildings and people.

What's good for the goose, is good for the gander! What the Council is outlining for the rest of us, should be outlined for themselves without any show of partiality or favoritism.

After many weeks of delays caused by attempts to squeeze this through unnoticed to all but those few neighbors nearby, it looks like the Council will have to take a vote on this variance request on August 13th at 8:00 p.m. Come and see what can

happen by local government when there is no concern by the citizenry for abuse of power.

Don't stay home to watch the Watergate Hearings on TV when there's a local Council action just as interesting on the 13th of August.

Sincerely,

Don Walsh

Have You Heard?

(Continued from Page 1)

A note received recently from May Ellis-Olson gave the news that he has been appointed Director of Development for the Central Arizona Chapter of the Arthritis Foundation.

During World War II, Ed taught a Red Cross first aid course in Albany, and — since there wasn't a place available to hold the class, they met in the Ellis-Olson Mortuary Chapel. According to May, the classes were mainly concerned with what to do in case of a bombing. The Mortuary had a contract with the City for use of their ambulance in case of emergencies. May comments: "Ed drove the ambulance . . . and you can be sure there was always a lot of excitement!"

An increasing number of former Albany High graduates are in the headlines for really "making it" in their pursuit of higher education.

This time it's Cheryl Jones Danton, daughter of Grace Jones of Albany, and the late Irving Jones, who died shortly after his retirement from the Albany Post Office.

Cheryl's name appears on the Dean's List at Hayward State, where she is studying to be a foreign language teacher. We wish her much success in her chosen field.

Albany Fireman Bill Ledgerwood really believes in luck — now! He never did much more than break even on his frequent trips to Reno. However, last week he really hit the jackpot—and for only 25 cents! He put a coin in a special slot machine at the Ponderosa and won a 1973 Chrysler Imperial—the first person to win a car in 11 months!

Bill, who is part Irish, says maybe some of the "luck of the Irish" has rubbed off on him—and he's planning a return trip real soon to see if it will last.

"Ribsy," that "dog-about-town" and pet of the James Simmons' family, isn't sure he likes his new home.

The Simmons moved into their newly-constructed Albany Hill home only recently, just a week or so before Jim was sworn in as Albany's new Chief of Police, last Friday.

"Ribsy" wasn't too happy with the move and took the first opportunity to trot back to Peralta Street and visit with his old girl friends. Guess the new neighborhood is too ritzy for him—or he doesn't want his friends to think he's high-hatting them now.

21st Birthday Party For Ina

Ina Ippolito was honored on the occasion of her 21st birthday, by a champagne buffet dinner party, given by her parents, Mr. and Mrs. Donald Ippolito in their Albany family home, last Friday evening.

Many of the guests attending had gone from kindergarten through high school together, and for some it was the first get-together since high school graduation.

Out of town guests included the honoree's brother and wife, Don and Jan (Pearson) Ippolito; Ben and Lynn (Cooper) Tanuz and Danielle Thomas, all of El Cerrito; Mr. and Mrs. Rick Egert, San Francisco; Mr. and Mrs. James Hall, Marin County; Mike and Judi (Hall) Mercer and Theresa and Robert Westergaard, all from Richmond; Michelle Philastre, Alameda; and Steve and Helen Sheppard, San Pablo.

Another out-of-town guest was Ina's aunt, Ina Mauck, after whom she was named, who flew in from Pasadena to be present at the party to celebrate her niece's "coming of age."

Albany guests included: Mr. and Mrs. George Burnham, Jane and Tina Stamps, Barbara Paul, Shawn Riddle, Terry Jaramillo, Lesah Beckhusen, Diane Duckett, Jim Signorelli, Susan Paul, David Caron, Pam Rossi, Penelope Robbins, Marty Mendoza and Leroy and Leoma Cisneros.

Annual Pet Show Set For Aug. 17

The Eighth Annual Pet Show, sponsored by the Albany Park & Recreation Department, will be held on Friday, August 17, at 1 p.m. in Memorial Park. Children, 16 years of age and under, are eligible to enter their pets.

Ribbons and trophies will be presented in all categories which include: Dogs—best dog, biggest dog, smallest dog; Cats—cutest cat, best cat, smallest cat; Reptiles; Rodents; best of the show and most unusual pet of the show.

All animals must be on a leash or in their owner's control at all times. Water will be provided for all pets. No advance registration is necessary. Pets should be on grounds no later than 12:45 p.m.

Flavored Butters To Come In Sept.

Imagine spreading butter on pancakes and having it taste just like syrup and butter combined. Or putting butter on potatoes and wondering why it tastes like chives or garlic!

No, it's not a dream, says California's Dept. of Food and Agriculture, its new kind of butter.

Starting about September 4, California will adopt new standards for dairy products, which will permit production and marketing of "pre-flavored" butter.

Two Albany residents are in the spotlight, as the result of literary efforts. Dr. McKeown, DDS, is the author of "Everybody's Tooth," a comprehensive and informative handbook which reduces the technical aspects of dentistry down to the average reading level and understanding. Dr. McKeown's "guide" covers such topics as: "Tooth Sucking"; Bad Breath; Mouthwash and Friends; First

lower section of California during his dental college days, using old trailers for his headquarters, and working many hours overtime to glean the experience for private practice. He had barely started his dental practice, when a freak accident to his right arm ended his vocation—but not the man within. The young humanitarian, still in his twenties, did the next best thing to taking care of his patients' teeth—he authored a book which tells those interested enough to read it all about preventive dentistry. Dr. Francis Borgnino, Albany M.D., says of the book: "I'm grateful that I happen to be an

M.D.—because if I had become a D.D.S., an old patient would adhere to the valuable advice in this book, my office visits would be severely curtailed. . . . Our second Albany author—or authors—who writes under the "nom de plume" of B. DeMeo—is Mrs. Burton Nordby, the former Beth DeMeo, who's fiction novel "To Keep Him" has just been published by the Carlton Press. This is her first novel, and was started some 20 years ago, when her children were small, but was set aside, uncompleted, while her family, her home and an outside part-time job as a secretary to a local church, took up most of her time.

Two years ago, Mrs. Nordby returned to her writing to complete the novel, which is based on some fact and some fiction—stories told to her by her mother of her life in the 1800's in Italy, followed by a move to Philadelphia and climaxing in San Francisco in 1943. The Nordbys, who have lived in Albany for 21 years, are the parents of three grown children: Mrs. Adrienne Stove of Albany, Wayne Nordby of Oakland, and Vaughan Nordby, Albany. They also have three grandchildren: Shelley, Dawn and Craig Stone. A copy of "To Keep Him" is available at the Albany Library.

Church To Honor Ministry Student
Frank Nausin, son of Mr. and Mrs. Frank Nausin of Albany, and a 1966 graduate of Albany High School, will be honored at a luncheon to be held Sunday, August 12, at the Lutheran Church of the Cross on University Avenue in Berkeley. The luncheon will be held immediately following the 10:30 a.m. services, at which Frank will preach the sermon. Frank is currently in the Clinical Pastoral Educational Program at UC Medical Center in San Francisco, and will complete his training at the end of this month, under the direction of Chaplain Elmer Laurson.

Following his graduation, and while serving as a counselor at Mt. Cross Lutheran Camp, he met Linda Lewis, whom he married in 1970, following their graduation from the California Lutheran College at Thousand Oaks. In the Fall of 1970, Frank entered the Pacific Lutheran Theological Seminary in Berkeley, which he attended until June of this year. After a year's internship at Scottsdale, Arizona, he will graduate with a Masters Degree in Divinity, and will be ordained when he receives a call.

ENERGY SAVER
Keep air conditioning and furnace filters clean. Dirty ones force the equipment to operate longer and use more energy, shorten the life of equipment, distribute air unevenly. Replace filters according to manufacturer's instructions (at least once each heating season and again each cooling season with a central system.)

KILLER WHALE'S MEAL
A killer whale's meal, according to the National Automobile Club, may consist of as many as 24 seals swallowed whole.
